1959-60 Philanthropies Testimony to Pioneers

By Mrs. Cushman E. Ackley Jr.,
Woman's Club Historian

Forty years ago next year the Torrance Woman's Club was conceived by a small group of neighborhood women with visions of becoming a group dedicated to civic improvement and community welfare.

They dreamed of a permanent home and by rubbing Aladdin's lamp with great quantities of elbow grease, they found ways and means to construct their building by 1925. This building, at 1422 Engracia Ave., has survived earthquakes, depressions, rains and wars, and has been in constant use by the club and many community organizations.

The work accomplished by the club this year is another testimonial to the faith and belief of the early pioneers that there was a need and purpose for such an organization in Torrance.

Philanthropies are the major work of the Torrance Woman's Club. Members have contribut-

ed financially to the YWCA, the YMCA, United Church Women, Community Chest, Indian Affairs, Rancho Los Amigos, the District Foundation Fund, Veterans' Affairs, and Vietnam school kits.

Also to American Field Service, March of Dimes, Cancer Fund, Penny Art, Christmas Seals, Easter Seals, Dental Health Association, the Heart Fund and the Mental Health Program.

Charity Projects
In addition, members gave volunteer hours to patients in hospitals in the Torrance area, served on Red Cross drives, helped with the bloodmobile, and aided the American Cancer Society.

Members also worked on philanthropic projects with individuals, gave food baskets to the poor during the holidays and maintained a benefit fund to give immediate help to those in need. Funds were raised to give scholarships in art, music and education to four students. To support this large philan-

thropic budget, finances are a very important concern. Sources of income employed are rentals of the building, membership dues, donations and ways and means projects.

To be successful, these ways and means projects require work, cooperation and ingenuity from members. Many successful activities are planned before the end of the club year under leadership of the ways and means chairman, Mrs. Andrew Acampora.

Two rummage sales were held and another one is planned for the spring. Diminishing card parties were continued this year. In October the Torrance Woman's Club and Torrance Junior Woman's Club gave a bridge brunch and fashion show at the Polynesian restaurant.

Christmas Fair

A bazaar was held in December with white elephants, Christmas decorations, baked goods, candy and handicraft booths, and a luncheon counter. All articles and food for sale were donated by members.

Several ways and means projects were sponsored by different sections of the club to raise funds for specific philanthropies.

The art section had a sidewalk art show at the City Hall parking lot Nov. 28 and 29. They invited local artists to exhibit their work. A small entry fee was charged and participants were asked to give 10% of their sales to the art scholarship fund. To add to this fund the art section also held a bridge dessert in February at the clubhouse.

At Christmastime each member took a dollar bill to place on the Christmas tree. The money went to buy Care-School Kits for children in Vietnam.

Last week the drama group, under the direction of the drama chairman, Mrs. Godfrey Nelson, presented a three-act

Comedy-Farce Presented by Seniors, Juniors

The Junior and Senior Women's Clubs proved last week, with an hilarious production of "The Campbells Are Coming," that talent is not the property only of Broadway and Hollywood.

The plot tells what happens when sophisticated city folk invade Apple Ridge in the Ozarks.

Portraying the city slickers were Richard E. Greenlaw as Kingston Campbell who comes to visit his fiancée, Faye Brannigan (played by Sharon Bumbalough), whom he had met at college, and Flora Nelson, Augusta Campbell, who feels that her son's approaching marriage is a grave mistake.

The Brannigan family may live in the Ozarks, but they were not quite as hillbilly-oriented as they wished their visitors to believe. Ringleader in the plan to send the Campbells rushing back to the proprieties of indoor plumbing and a well-shod pedestrian was Jeffrey Scudder, Kaye's former boyfriend, played by Lyle De Cuir.

However, all was concluded happily in the best Gilbert-and-Sullivan tradition when Mrs. Campbell recognized Bildad Tapp (played by Bob Johnson), a family friend of the Brannigans, as her long-lost brother.

Only Kingston, who lost his girl to Jeffrey just in time to bring down the third-act curtain, had cause to find fault with the playwright's finale.

Others in the cast were Emma Roberts as Ma Brannigan, Betty Sandstrom as Catalpa Tapp, Terry Jacobson as Betty Brannigan, Noel Shire as Dick Brannigan, and Alan Moore as Cyrus Scudder.

Larry Freude was responsible for sound effects; Julia Robinson and Leslie Focha were in charge of props; Thomas McGinn was prompter; and Dorothy Miller was in charge of make-up.

The entire production was under the direction of Mrs. Nelson.
